

HULK SYSTEM-103

*Heavy Duty
Industrial Cleaner
Readily Biodegradable
Non-Flammable*

DESCRIPTION:

Hulk System #103 is highly effective moderately alkaline detergent system that contains no harsh alkaline builders. It was formulated to meet or exceed the tightest standards for employees' safety and/or adverse environmental impact. It is effectively neutral in pH, and only utilizes components that are readily biodegradable.

Since this material is non-corrosive and essentially neutral, it may be used to remove unwanted soils and contaminants from nearly any water-safe surface, including those that are painted. * Special ingredients make this formulation especially effective at removing unwanted petroleum hydrocarbon soils from virtually any surface.

UNIT OF MEASURE: U.S. GALLONS

DIRECTIONS:

This product is specifically designed for multi-use cleaning of industrial surfaces. It is suited for use with steam cleaners, pressure washers, floor cleaning equipment and manual cleaning operations. **This product is in concentrated form and may be diluted with water prior to use.** Degree of product strength necessary to clean is directly related to the type of soil being removed and the degree of buildup. Adjust dilution level until achieving optimal cleaning results.

OIL/WATER SEPARATOR SAFE:

Hulk System #103 contains special surface-active agents that only temporarily suspend hydrocarbon-based soils allowing for quick phase separation. This product is ideally suited for consumers who are attempting to capture hydrocarbons from their cleaning water discharge with oil/water separators. *If special concern is warranted for a painted surface, Wechem recommends pre-testing on a small area prior to wide scale use.

KEEP OUT OF REACH OF CHILDREN.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS
AND FIRST AID STATEMENTS.

CAUTION:

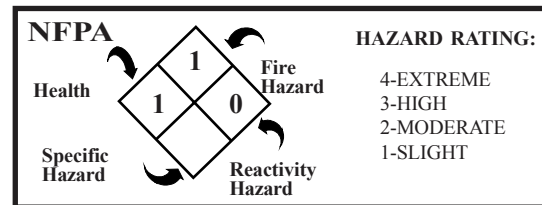

Skin and eye irritant. Harmful or fatal if swallowed.

FIRST AID:

SKIN: Wash with soap and water. If irritated, seek medical attention.
EYES: Flush with water for 15 minutes. Seek medical attention.
INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.
INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.

SPECIAL PRODUCT FEATURES:

Contains No Caustics — Non-Corrosive
Highly Effective on Petroleum Hydrocarbons
Contains No Phosphates
Painted Surface Safe

READ MATERIAL SAFETY DATA SHEET BEFORE USE
