

HULK SYSTEM™-109

**100%
Active!**

**Single Source
Hyper-Concentrate**

FORMULATION BASE

HULK SYSTEM SOLO PROGRAM DESCRIPTION

The Hulk System Program was formulated as replacement technology for consumers who purchase large quantities of detergents in bulk tanks, totes, or multiple drums. It utilizes the latest chemical technology to simplify the transportation, storage, and use of detergents while drastically reducing all associated costs.

The Hulk System Solo Program is our latest introduction into the Hulk family. This new series of Hulk formulations utilizes not two, but one single 100% active formulation base to deliver its cost-slashing benefits. Special new technology allows us to manufacture this formulation without sacrificing product effectiveness.

UNIT OF MEASURE: U.S. GALLONS

ABOUT THIS FORMULATION:

Hulk System #109 Formulation Base is a 100% active hyper-concentrate designed exclusively for use through the Hulk Solo System Detergent Dispenser. When used as directed, this material will produce large quantities of concentrated detergent. This newly produced concentrated product is comparable to many competitive concentrates and may be further diluted prior to use.

Hulk System #109 Formulation Base was designed to produce an effective concentrated material that will meet or exceed the tightest standards for employee safety and/or adverse environmental impact. It only utilizes components that are readily biodegradable.

NOTICE:

Hulk System #109 Formulation Base is a 100% active, raw material hyper-concentrate. It is designed for use exclusively with the Hulk System Solo Detergent Dispenser Unit. Other use is prohibited unless authorized by the manufacturer. Customized dilution programs are available; consult your Wechem technical sales representative for details.

**KEEP OUT OF REACH OF CHILDREN.
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.**

SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS
AND FIRST AID STATEMENTS.

WARNING: CORROSIVE MATERIAL.

Contains materials which penetrate the skin readily and may be absorbed in harmful amounts if contact is prolonged and repeated. Excessive inhalation of mists or vapors may cause respiratory irritation, headache, dizziness, and nausea. Keep away from excessive heat and all ignition sources. Harmful or fatal if swallowed. Do not take internally.

FIRST AID:

SKIN: Wash with soap and water. If irritated, seek medical attention.
EYES: Flush with water for 15 minutes. Seek medical attention.
INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.
INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.
