

HULK SYSTEM™-400

**100%
Active!**

**Single Source
Hyper-Concentrate**

FORMULATION BASE

HULK SYSTEM *SOLO* PROGRAM DESCRIPTION

The Hulk System Program was formulated as replacement technology for consumers who purchase large quantities of solvent based degreaser in bulk tanks, totes, or multiple drums. It utilizes the latest chemical technology to simplify the transportation, storage, and use of solvent based degreaser while drastically reducing all associated costs.

The Hulk System *Solo* Program is our latest introduction into the Hulk family. These new series of Hulk formulations utilize one single highly active formulation base to deliver its cost-slashing benefits. Special new technology allows us to manufacture this formulation without sacrificing product effectiveness.

ABOUT THIS FORMULATION

Hulk System #400 Solvent Formulation Base is a highly active hyper-concentrate designed exclusively for use through the Hulk System Solvent Dispenser. When used as directed, this material will produce large quantities of concentrated solvent degreaser.

Hulk System #400 is designed for heavy duty degreasing in refineries, petrochemical and on offshore drilling platforms.

Hulk System #400 Formulation Base is a highly active, solvent based material hyper-concentrate. It is designed for use exclusively with the Hulk System *Solvent* Dispensing Unit. Other use is prohibited unless authorized by the manufacturer. Customized dilution programs are available; consult your Wechem technical sales representative for details.

FIRST AID

EYE CONTACT: Flush with water for 15 minutes. If irritated seek medical attention.

SKIN CONTACT: Wash with soap and water. If irritated seek medical attention.

INHALATION: Remove to fresh air. Resuscitate if necessary. Seek medical attention.

INGESTION: Do not induce vomiting. Get medical attention.

WARNING: CORROSIVE MIXTURE

Keep away from excessive heat and all ignition sources. Prolonged contact with skin can cause irritation, drying and cracking. Repeated contact with eyes can cause irritation and reddening. Inhalation may cause irritation of nose, throat and central nervous system. Ingestion may cause irritation of digestive tract and central nervous system effects. Do not take internally.

Contains:

1-Methyl-4-(1-Methylethenyl) Cyclohexene.....CAS #: 5989275
