

**DESCRIPTION:**

Accelerator is a modern concentrated fuel conditioner that is specifically engineered to answer the needs of today's high performance engines. This product is blended to neutralize harmful fuel acids, as well as eliminate the damage caused by sulphur, gum, varnish and moisture found in all fuels.

**COMPOSITION:**

Accelerator is blended from high performance neutrals, acid and sulphur neutralizers, moisture absorption additives, friction release agents, conditioners and pure mineral base oils. The anti-wear, corrosion inhibitors and penetrants in Accelerator are stable solutions that offer outstanding performance and are safe to use in all types of fuels and engines, including engines equipped with catalytic converters.

**DIRECTIONS:**

Accelerator is used in fuels at the concentration of 1 gallon to 200 gallons of fuel.

<i>Typical Applications</i>	<i>Ratio</i>
Gasoline Engines	1-200 gallons of fuel
Diesel Engines	1-200 gallons of fuel
Marine Engines (except outboards)	1-200 gallons of fuel
Stationary Engines	1-200 gallons of fuel
Storage for Bunker Fuels	1-500 gallons of fuel
Two Cycle & Out Board Engines	2 oz. to each qt. of oil used in fuel, or if pre-mixed, use 1 oz. per gal

**Note:** For L.P.G., Propane or natural gas engines, use with Universal Oiler.

**NET CONTENTS:** \_\_\_\_\_

**BATCH:** \_\_\_\_\_

## *Fuel Conditioner Concentrate* Diesel, Gasoline, L.P.G. & Kerosene

**ENGINEERED TO:**

- ◆ Stop Valves from Sticking
- ◆ Neutralize Harmful Fuel Acids
- ◆ Clean Injectors and Carburetors
- ◆ Remove Carbon and Gum Deposits
- ◆ Increase Mileage per Gallon of Fuel

**CAUTION:**

**KEEP OUT OF REACH OF CHILDREN.**  
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.  
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)

To Reorder:  
**WEICHEM, INC.**

**WARNING:**

Flashpoint: 83°F. Tag closed cup. Keep stored in cool areas, away from sources of ignition. Keep container closed. Keep out of reach of children. Do not cut, heat or weld empty containers.

**CAUTION:**

Avoid contact with eyes. Accelerator is an irritant and may cause chemical burns. High vapor concentration may cause headache, dizziness, nausea, incoordination and drowsiness. Do not ingest. Ingestion can cause gastrointestinal irritation, nausea, vomiting and diarrhea. It may also cause systemic poisoning.

**FIRSTAID:**

**EYES:** Wash with large amounts of water. If irritation persists, call a physician.

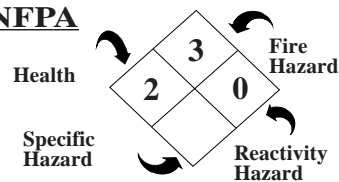

**SKIN:** Remove contaminated clothing. Wash with soap and water.

**INGESTION: DO NOT INDUCE VOMITING** Drink 3-4 glasses of water. Seek medical attention.

**INHALATION:** Remove to fresh air.

**CONTAINS:**

2-Butanol.....	CAS: 78-92-2
Cresol.....	1319-77-3
Petroleum Oil.....	64742-53-6
Cyclohexanone.....	108-94-1

**NFPA****HAZARD RATING:**
