

DESCRIPTION

The offensive odors we encounter are more of a social nuisance, emitting from personal hygiene activities, waste activities, cooking, industrial activity, etc. The odors that result from these activities may involve ammonia, sulfides, mercaptans, amines, aldehydes, carboxylic acids, ketones, esters or other aromatic molecules.

BIO-FRESH is a remarkably effective product at eliminating foul and offensive odors. Its unique formula uses a process to instantly and permanently eliminate odors. Odors are attacked by a neutralizing and encapsulating compound that provides instant relief. All components are completely biodegradable.

INTENDED USES

BIO-FRESH contains no heavy detergent compounds or color dye and is therefore suitable for use on nearly any surface. Use to control odors on floors, walls, carpet, fabrics, concrete, upholstery, laundry, soil and more.

DILUTION

BIO-FRESH can be diluted up to 1 part chemical with 6 parts water and achieve excellent results.

GENERAL USE DIRECTIONS

BIO-FRESH may be used on nearly any water safe surface, and is easy to apply. Just spray directly on the suspected source of the odor until sufficiently covered and let dry. Rinsing is not required or recommended. Product will completely dry and leave no film or residue.

GENERAL ODOR CONTROL

BIO-FRESH is highly effective at neutralizing malodors and waste caused by dampness, mildew, vomit, fecal and organic matter, mold, food, and urine. Simply spray **BIO-FRESH** onto surface to be treated until sufficiently wet. Allow product to air dry. Surface will be left clean and fresh smelling.

SEWERAGE TREATMENT PLANTS AND INDUSTRIAL FACILITIES

Apply **BIO-FRESH** to odor source by wet coarse sprayer or by a mechanical water based fogger to eliminate odor.

BIO-FRESH™

Odor Elimination System

ELIMINATES ODORS INSTANTLY AND PERMANENTLY

**KEEP OUT OF REACH OF CHILDREN.
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.**
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)

NET CONTENTS: U.S. GALLONS

GARBAGE ODOR CONTROL

Garbage and trash dumpsters are common sources of offensive odors. Use **BIO-FRESH** to provide highly effective odor control in and around these areas. Apply product by spray and saturate any surface suspected of causing odors.

FIRST AID

EYES: Flush with water for 15 minutes. Seek medical attention.

SKIN: Wash with soap and water. If irritated, seek medical attention.

INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.

INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.
