

DESCRIPTION:

Blue Max represents the latest technology in concentrated heavy duty cleaning compounds. You'll find this fast acting formulation will quickly penetrate, cut through, and emulsify tough industrial and institutional soils. Ideally suited for cleaning a wide variety of soils from most hard durable surfaces. Popular because of its versatility, Blue Max is ideal for use with in pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

Special Features:

Prevents Redepositing...Our special Positive Emulsion cleaning action is so strong it will hold oily soil in suspension for the entire cleaning job. This means no soil redeposit, a real time and money saver!

Contains No Solvents... Most products contain some type of solvent in there formulation. Blue Max does not contain Butyl or any other glycol solvent.

Retards Corrosion...Special rust fighting ingredients help reduce the destructive forces of oxidation. Blue Max helps equipment last longer!

Quick Clean Up...Due to the special soil suspending properties, clean up becomes a snap. Special additives drastically reduce rinse time. A big time saver!

DIRECTIONS:

Blue Max is highly concentrated and should be diluted with water prior to use. The strength of cleaning solution required will vary according to the soil load and method of application. Use the suggested General Dilution Table as a starting point.

General Dilution Table

USES	BLUE MAX	Water (parts)
Light Cleaning	1 part	40 to 100
Medium Cleaning	1 part	20 to 40
Heavy Duty Cleaning	1 part	10 to 20
Extra Heavy Duty Cleaning	1 part	5 to 10

BLUE MAX™

Super Heavy Duty Cleaner

- * Biodegradable *
- * Emulsifies Oil and Grease *

CAUTION:

**KEEP OUT OF REACH OF CHILDREN.
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
(SEE RIGHT PANEL FOR ADDITIONAL
CAUTIONS AND FIRST AID STATEMENTS.)**

UNIT OF MEASURE: U.S. GALLONS

REV.09/06

CAUTION:

Skin and eye irritant. Harmful or fatal if swallowed.

FIRST AID:

EYES: Flush with water for 15 minutes. Seek medical attention.
SKIN: Wash with soap and water. If irritated, seek medical attention.
INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.
INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.

CONTAINS:	CAS #:
Tetrasodium EDTA.....	64-02-8
Sodium Metasilicate.....	6834-92-0
NFPA	HAZARD RATING:
	4-EXTREME 3-HIGH 2-MODERATE 1-SLIGHT 0-INSIGNIFICANT
Proper Shipping Name:	
Compounds, Cleaning Liquid, (Potassium Hydroxide), 8, NA 1760, PGI
