

**DESCRIPTION:**

**Blue Max II** represents the latest technology in concentrated heavy duty cleaning compounds. You'll find this fast acting formulation will quickly penetrate, cut through, and emulsify tough industrial and institutional soils. Ideally suited for cleaning a wide variety of soils from most hard durable surfaces. Popular because of its versatility, **Blue Max II** is ideal for use with in-pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

**Special Features:**

**Prevents Redepositing...** Our special Positive Emulsion cleaning action is so strong it will hold oily soil in suspension for the entire cleaning job. This means no soil redeposit, a real time and money saver!

**Contains No Solvents...** Most products contain some type of solvent in there formulation. **Blue Max II** does not contain Butyl or any other glycol solvent.

**Retards Corrosion....** Special rust fighting ingredients help reduce the destructive forces of oxidation. **Blue Max II** helps equipment last longer!

**Quick Clean Up...** Due to the special soil suspending properties, clean up becomes a snap. Special additives drastically reduce rinse time. A big time saver!

**DIRECTIONS:**

**Blue Max II** should be diluted with water prior to use. The strength of cleaning solution required will vary according to the soil load and method of application. Use the suggested *General Dilution Table* as a starting point.

*General Dilution Table*

USES	BLUE MAX II	Water (parts)
Light Cleaning	1 part	20 to 50
Medium Cleaning	1 part	10 to 20
Heavy Duty Cleaning	1 part	5 to 10
Extra Heavy Duty Cleaning	1 part	2 to 5

**UNIT OF MEASURE: U.S. GALLONS**

# BLUE MAX II®

## Super Heavy Duty Cleaner

\* Biodegradable \*

\* Emulsifies Oil and Grease \*

**CAUTION:**  
**KEEP OUT OF REACH OF CHILDREN.**  
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.  
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)
