

Cyclone is specifically designed to tackle the toughest industrial and commercial cleaning tasks. Special alkaline boosters quickly strip away even the most tenacious soils. Moderate foaming action facilitates easy rinsing.

DIRECTIONS

For Automatic Scrubbing Machines - Dilute **Cyclone** with up to 100 parts water. Adjust cleaning strength as needed.

CIP Recirculation Cleaners - Dilute **Cyclone** with up to 256 parts water. Adjust cleaning strength as needed.

NOTICE: **Cyclone** contains high concentrations of aggressive alkaline materials and is not intended for use on non-durable or painted surfaces. Pre-test a small inconspicuous area prior to beginning any new cleaning application.
