

### DESCRIPTION:

DE BUGGER Extra Strength Bug Remover is specifically designed for the fast, safe, and effective removal of bug splatter from nearly any water safe surface. Ideal for use on cars, trucks, motor homes, boats, buses, motorcycles, or anything that moves. Contains no dye, eliminating dye staining potential. Safe for application to surfaces prior to tunnel washing.

Removes bugs from:

<i>Hoods</i>	<i>Side Mirrors</i>
<i>Grills</i>	<i>Headlights</i>
<i>Bumpers</i>	<i>Windshields</i>
<i>Roof Lines</i>	<i>Running Boards</i>
<i>Roof Racks</i>	<i>Etc.....</i>

\* DE BUGGER contains no harsh alkali or acidic materials and was specifically designed for painted vehicle surfaces. However, some painted surfaces may not be suitable for any cleaning agents. Bug Strip should not be used on any surface suspected as not being cleaning agent resistant.

### DIRECTIONS:

Dilute DE BUGGER with up to 8 parts water prior to application. Apply directly to bug-stained surface, let stand on (1) minute, then wash vehicle as normal. Rinse with cool water. If stains are baked on, a second application may be necessary. Do not apply to hot surfaces or allow Bug Strip to dry on surface prior to removal.

At an 80 to 1 dilution DE BUGGER is ideal for adding to squeegee wash water at the service station Pump Island.

# DE BUGGER™

## Extra Strength Bug Remover
