

Ezy Pak Bleach™

Pre-Measured * Portion-Controlled * Water Soluble Pouches

Ezy Pak Bleach is a super concentrated bleaching agent designed to deliver maximum results while controlling costs. This highly concentrated powder pouch will quickly and easily produce an abundance of hard hitting bleach action.

Remember...it isn't necessary to tear open the pouch...it rapidly dissolves in water. These easy-to-use pouches combine accuracy and control for maximum performance and cost effectiveness.

Ezy Pak Bleach can be used in conjunction with powder or liquid detergent that doesn't contain a bleaching agent.

DIRECTIONS:

FOOD INDUSTRY: Use **Ezy Pak Bleach** as a stand-alone bleaching agent or as an enhancement to other compatible detergents, which do not contain a bleaching agent.

Place one (1) pouch of Bleach into sink along with compatible dishwashing or degreasing detergent. Allow cutting boards or other items to soak. Wash, rinse, and sanitize in usual manner.

LAUNDRY OPERATIONS: **Ezy Pak Bleach** is concentrated bleach for use in regular sized laundry machines. May be used in conjunction with a powder or liquid laundry detergent that doesn't contain a bleaching agent. Place one (1) pouch in the washer along with the detergent. Partially fill the washer with water before depositing the laundry to be washed.

For separate bleaching operation, place one (1) pouch of **Ezy Pak Bleach** in a container and add one (1) gallon of water. Then deposit items to be bleached.

NOTE:

Do not remove pouches before use. Store in a cool dry place. Do not handle pouches with wet hands.

CAUTION: Contains Trichloroisocyanuric acid. Irritant. Dangerous gas formed when mixed with acid. Avoid contact with skin and eyes, or breathing dust.

FIRST AID:

SKIN: Wash with soap and water. If irritated, seek medical attention.

EYES: Flush with water for 15 minutes. Seek medical attention.

INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.

INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.

STORAGE AND DISPOSAL:

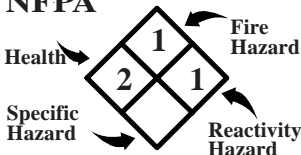

STORAGE – Store in a dry place no lower in temperature than 50°F or higher than 120°F.

KEEP OUT OF REACH OF CHILDREN

CONTAINS:

Sodium Dichloro Isocyanurate.....51580-86-0
Sodium Carbonate.....497-19-8

NFPA

HAZARD RATING:

4-EXTREME
3-HIGH
2-MODERATE
1-SLIGHT

Proper Shipping Name:

Cleaning Compounds, Solid NOI
