

Ezy Pak Sanitizer™

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Ezy Pak Sanitizer** is designed specifically for use in restaurants, dairies, and bars, where sanitization of food contact surfaces is of prime importance.

This product will sanitize previously cleaned and rinsed nonporous food contact surfaces such as tanks, counter tops, drinking glasses and eating utensils. When used at the recommended concentration of 200 ppm no potable water rinse is required.

When used as directed this product is an effective sanitizer against Escherichia coli ATCC 11229, Staphylococcus aureus ATCC 6538, Campylobacter jejuni ATCC 29428, Escherichia coli 0157:H7 ATCC 43895, Listeria monocytogenes ATCC 35152, Yersinia enterocolitica ATCC 23715 when diluted in water up to 650 ppm hardness (CaCO₃).

SANITIZATION: Remove all gross food particles and soil from areas which are to be sanitized with a good detergent, pre-flush, presoak or pre-scrape treatment. Rinse with a potable water rinse. To sanitize pre-cleaned and potable water- rinsed, nonporous, food contact surfaces, prepare a 200 ppm active quaternary solution by dissolving one 1.25 ounce (net weight) pouch into 20 gallons of water.

To sanitize immobile items (such as tanks, chopping blocks and counter tops), apply sufficient product by hand pump trigger sprayer, mop, sponge or cloth to flood area with a 200 ppm active quaternary solution for at least 60 seconds making sure to wet all surfaces completely. Drain the use solution from the surface and air dry. Prepare a fresh solution daily or more frequently as soil is apparent.

To sanitize mobile items such as drinking glasses and eating utensils, immerse in 200 ppm active quaternary solution for at least 60 seconds making sure to immerse completely. Remove, drain the used solution from the surface and air dry. Prepare a fresh solution daily or more frequently as soil is apparent.

When used for sanitization of previously cleaned food equipment or food contact items, limit active quaternary to 200 ppm. **NO POTABLE WATER RINSE IS REQUIRED.** Product is an effective sanitizer when diluted in water up to 650 ppm hardness (as CaCO₃).

WATER SOLUBLE POUCH: follow label instructions by dropping pouch directly into water. Do not remove pouches before use.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER. KEEP OUT OF REACH OF CHILDREN. CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves and protective clothing. May be fatal if swallowed. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. **DO NOT** give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL: DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE: Store in a cool dry place. Do not handle packets with wet hands.

PACKET DISPOSAL: Do not reuse packet. Discard packet in trash.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
