

**DESCRIPTION:**

Ice Stopper is a special concentrated windshield cleaner designed specifically for use with windshield washer systems. Ice Stopper will help clear windshields of dirt, insects, road film, ice and other contaminants without streaking or smearing. Highly concentrated for maximum economy. Meets GSA Type II specifications. Non freezing to 0°F when used as directed.

**DIRECTIONS:**

**Dilution**

For effective use as a windshield washer cleaner, dilute 1 part Ice Stopper with 16 parts water. For effective use as an antifreeze agent and ice remover, dilute no more than 1 part Ice Stopper with 2 parts water. At this dilution, Ice Stopper will not freeze to 0°F.
