

DESCRIPTION:

Quick Chlor is a heavy duty, chlorinated, non-butyl, concentrated liquid alkaline cleaner. Its stable foam is effective in cleaning stainless steel equipment, concrete floors, walls, ovens, ceramic and quarry tile. Non-flammable **Quick Chlor** is effective in poultry plants, red meat and pork processors, canneries, boiling plants, beverage manufacturers, smoke houses and all industrial and institutional kitchens.

Formulated for effectiveness in the hardest of water. **Quick Chlor** contains no phosphates.

DIRECTIONS:

FOR FOOD PROCESSING EQUIPMENT:

GENERAL PURPOSE CLEANING: Dilute 1 to 4 ounces per gallon of water. Optimal water temperature range 120° -150° F. Apply by spraying or wiping. Scrub, if necessary. Rinse thoroughly with potable water.

FOAMING CLEANING:

Dilute 2 to 4 ounces per gallon of water for foam cleaning, depending on degree of soil. Optimal water temperature range 120° -150° F. Foam solution onto soiled surfaces: scrub, if necessary. Rinse thoroughly with potable water. Do not allow foam to dry on surface.

PRESSURE WASHING:

Dilute 2 to 4 ounces per gallon of water for pressure washing, depending on degree of soil. Optimal water temperature range 120° -150° F. Apply solution to soiled surfaces: scrub, if necessary. Rinse thoroughly with potable water.

BIODEGRADABLE:

All detergents used in the manufacturing of this product are biodegradable.

NOTE: High concentrates of **Quick Chlor** can attack aluminum and painted surfaces. On aluminum and painted surfaces, test an inconspicuous area before use. or use very dilute solution and rinse well.
