

HEAVY DUTY ADHESIVE SPRAY

This wide web spray adhesive is one of the highest performance aerosol adhesives available. For both temporary or permanent bonding, this high solids product is ideal for uneven or porous surfaces and weight materials. Waterproof, flexible, transparent and nonstaining, use this product for your toughest adhesive applications with materials such as leather, cardboard, most plastics, polyethylene sheeting and cloth. Formulated with the environment in mind, STICK IT contains NO CHLORINATED SOLVENTS. It cleans easily with Mineral Spirits. This product is not intended for use on vinyl.

DIRECTIONS:

Always shake well before using. Never aim valve at face. Hold can upright and apply adhesive in a circular motion 10 to 14 inches from surface.

TEMPORARY BONDS: Spray surface, allow to tack and apply material to be bonded.

PERMANENT BONDS: Liberally spray both surface and material, allow to tack, then apply.

CLEANING SPRAY TIP: When finished with a particular spray application, always turn can upside down and spray for two seconds to clear valve and prevent clogging. If adhesive accumulates around nozzle wipe clear while wet. If dried in valve opening remove with degreasant solvent.

WEICHEM®
