

DESCRIPTION:

TOUCHLESS represents the newest technology in vehicle detergent formula. It brings new efficiency, new economy, and new cleaning brilliance to the maintenance of cars, buses, semis, panel trucks, and other heavy duty road vehicles.

TOUCHLESS is an advanced "one step" detergent that does a superior cleaning job without the hassle, expense, or danger of the two step cleaning method. Special ingredients hold soil in suspension so it won't settle out on the surface before the job is finished and leave a film. It cuts through exterior grime and road film without dulling the finish and that's only the beginning of its many cost-efficient advantages.

Check out these Exclusive Formula Features:

- Special emulsifying detergent blend saves labor--floats off vehicle road film without brushing.
- Safe for exposed decals, aluminum alloys, Lexan, Plexiglass, enameled and lacquered surfaces, etc.
- Exclusive water conditioning builder intensifies cleaning, rinsing even in the hardest water.
- Corrosion inhibitor - Protects metal surfaces from corrosion.

DIRECTIONS:

Use **TOUCHLESS** through all types of manual and mechanical cleaning devices. Superior results will be attained when used through pressure washers, tunnel washers, steam cleaners, and bucket washing. The following is a guide for dilution ratios.

Heavy soil	20 parts water to 1 part TOUCHLESS
Medium soil	40 parts water to 1 part TOUCHLESS
Light soil	65 parts water to 1 part TOUCHLESS

NOTE: Some automated washing systems using low degree spray nozzles or high PSI rinsing systems may use even higher dilution ratios in cleaning operations. See a WECHEM representative for suggested setting.

UNIT OF MEASURE: U.S. GALLONS

TOUCHLESS™

Brushless Car and Truck Cleaner Concentrate

100% Biodegradable

One Step Road Film and Soil Remover

KEEP OUT OF REACH OF CHILDREN.
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
(SEE RIGHT PANEL FOR ADDITIONAL CAUTIONS AND FIRST AID STATEMENTS.)

WARNING:

Harmful if swallowed. Wash thoroughly after handling. Causes eye irritation. Avoid contact with eyes. May cause skin irritation. Avoid contact with skin and clothing. Wash thoroughly after handling.

FIRST AID:

EYES: Flush with water for 15 minutes. Seek medical attention.
SKIN: Wash with soap and water. If irritated, seek medical attention.
INHALATION: Remove to fresh air. Resuscitate if necessary. Get medical attention.
INGESTION: DO NOT INDUCE VOMITING. Drink two large glasses of water. Get immediate medical attention.

CONTAINS:	CAS #:
Trisodium Nitrotriacetate	18662-53-8
Sodium Metasilicate	6834-92-0

NFPA		HAZARD RATING:
Health	0	4-EXTREME
Specific Hazard	2	3-HIGH
Fire Hazard	0	2-MODER-ATE
Reactivity Hazard	0	1-SLIGHT

DOT NAME: Cleaning Compounds, Liquid N.O.I
