

DESCRIPTION:

Triple Play is a hyper concentrated three function clearcoat enhancer. It is ideal for maintaining and preserving clear coated finishes on all modern enamel, acrylic and metallic base surfaces. Available in red, blue, gold and clear, **Triple Play** deeply penetrates and helps screen out harmful ultra violet rays while enhancing shine. Balanced foaming properties in **Triple Play** allow for fast easy rinsing. **Triple Play's** vivid multi color application heightens customer awareness to the extra care given to their car.

DIRECTIONS:

Direct feed at 1/4 oz. per vehicle through foam arches or pre-mix 5 gallons of **Triple Play** with 15-25 gallons of water and meter 1 - 1/2 ozs. per vehicle.

- RED**
- BLUE**
- GOLD**
- CLEAR**
