**Specially Designed Wiper** To clean really dirty hands you've got to have some scrubbing power. We've built in heavy scrubbing textures right onto the surface of every towel!

**Natural Cleaner** We've formulated a little mother nature into each wipe. **Tuff Towels** are saturated with a highly effective waterless hand cleaning solution that contains citrus extracts.

**Skin Conditioning** Do you clean your hands several times a day? We thought you might, that's why every wiper contains three very effective skin conditioners: aloe vera, glycerin, lanolin, to combat skin dry out.

**Medicated** Lets face it. Everyone is concerned about germs on their hands.

That's why we've added the well established anti-microbial PCMX into the **Tuff Towel** formulation.
