

DESCRIPTION:

U.S. Choice is a biodegradable high foaming cleaner developed for the removal of grease, fat, dirt and various types of soils. This product may be used in coordination with mechanical cleaning equipment, including sprayers and foamers or in manual operations, including bucket washing, mopping and scrubbing. The foaming action of U.S. Choice greatly increases chemical dwell time, enhancing cleaning action.

DIRECTIONS:

Plastic Bottle Foamer: Fill foamer with cleaner undiluted. Do not mix with other chemicals. Using hot water, foam liberally to floors, walls, tables, etc. Adjust dilution until optimum cleaning efficiency is attained. Allow foam to dwell on surface for 3 to 5 minutes. Rinse with hot water from a high pressure sprayer or hose nozzle. Where necessary, follow with a sanitizer rinse.

Mechanical Foam Generating Equipment: Adjust feed of product to the equipment to produce the optimum foam. Rinse with hot water from a high pressure sprayer or hose nozzle. Where necessary, follow with a sanitizer rinse.

Manual Cleaning Operations: For bucket washing, mopping, and scrubbing, the following dilutions are a recommended starting point.

Heavy Duty:	One part cleaner to ten parts water
Medium Duty:	One part cleaner to twenty parts water
Light Duty:	One part cleaner to fifty parts water

AUTHORIZATION:

U.S. Choice is authorized by the United States Department of Agriculture for use in official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs. Classification A-1 for use as a general cleaning agent on all surfaces.

UNIT OF MEASURE: U.S. GALLONS

U.S. CHOICE™

Heavy Duty Foaming Cleaner

Strips off Grease and Fat
Clings to Vertical Surfaces

CAUTION:
KEEP OUT OF REACH OF CHILDREN.
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
