Effective in counteracting pet smells, cooking, smoking and musty mildew odors. Will not cake or clump when used on wet surfaces. Will not dissolve in water. Will not harm vacuums. Will not burn. Biodegradable, safe and easy to use.

DIRECTIONS: Flip spout open and sprinkle lightly over area to be treated by shaking bottle gently side to side. It is not necessary to cover entire area with VACUUM FRESH or to vacuum. Allow several minutes for crystals to absorb malodors and release fresh fragrance.
