

DESCRIPTION

COIL-X is formulated for extra heavy duty cleaning, and has self rinsing properties. This 100% biodegradable alkaline detergent product has excellent soil suspending qualities that allow dirt to rinse off freely, whether it is flushed off manually or with the condensate water.

DIRECTIONS

For extremely dirty coils, scrubbing may be necessary for thorough cleaning. If unit is in use, rinsing may be omitted as the condensate water will flush the unit clean.

HEAVY SOIL - Use as supplied, or up to a one to four dilution with water.

MEDIUM SOIL - Use a dilution ratio between one to five and one to ten with water.

PRESSURE WASHER - A ratio between one to fifteen and one to forty dilution with water is recommended.
